## EXPERIENCE

### Software Development Intern – [TrueAg](#)

July 2025 – Aug 2025

- Enhanced **platform reliability and scalability** by debugging and resolving 15+ recurring issues in production.
- Conducted usability testing and incident handling, ensuring a smoother customer experience.
- Authored technical documentation and onboarding guides to support internal teams.
- Collaborated cross-functionally in Agile sprints, contributing to **full-stack features** with VS Code, MySQL, PHP, Git, and SFTP.
- Supported CI/CD processes and participated in code reviews to maintain consistency and quality.

## PROJECTS

### Cyber Clash – Real-Time Multiplayer Quiz Game | [GitHub](#)

May 2025

- Built a **full-stack Node.js/Express app** with Socket.IO for real-time gameplay, scoring, and synchronization.
- Designed secure admin, player, and viewer UIs with live updates, leaderboard, and MCQ/True-False support.
- Developed and integrated **REST APIs** for game state management and user authentication.

### Creerlift – LinkedIn-style Career Platform | [GitHub](#)

Feb 2025

- Developed a responsive career platform with profile creation, job feed, and advanced search features.
- Implemented reusable **React components** and modular design for scalable development.
- Integrated SQL backend with CRUD functionality and **authentication workflows**.

### Comfort Craft – Furniture Marketplace Website | [GitHub](#)

Jan 2025

- Built an e-commerce site with interactive listings, contact form, and Google Maps integration.
- Applied validation and accessibility testing to ensure security, usability, and cross-browser compatibility.
- Leveraged **third-party service integration** to extend customer-facing features.

## EDUCATION

**Diploma in Software Development** - Manitoba Institute of Trades & Technology (MITT)

August 2025

**Diploma in Office Automation** – India

June 2024

## ACHIEVEMENTS

-  **Silver Medalist, Web Technologies** – Manitoba Skills Competition 2025
-  **Excellence in Academics National Award** – India

## COMMUNITY INVOLVEMENT

- Volunteer** – Red River Exhibition: Delivered STEM demos and interactive tech booths. May 2025
- Volunteer** – Sikh Heritage Month: Organized booths and shared technical insights. Apr 2025
- Volunteer** – Young Women’s Conference: Mentored high school students in programming. Mar 2025

## TECHNICAL SKILLS

- Languages & Frameworks:** HTML, CSS, JavaScript, Bootstrap, React, Node.js, C#, ASP.NET, PHP
- Databases & Version Control:** SQL Server, MySQL, Git, GitHub
- Development Tools:** VS Code, Visual Studio, DevTools, Debugging, Agile collaboration
- Frontend:** Responsive Design, Accessibility, Cross-Browser Compatibility
- Backend:** REST APIs, Authentication, CRUD, Socket.IO (real-time), API Integration
- Cloud & Infrastructure (familiarity):** Server configuration
- Prototyping/UI:** Figma

**Full-stack developer** with experience in React, Node.js, PHP, and SQL, skilled in debugging, scalable feature development, and Agile teamwork, with adaptability to learn new tools quickly.
